

PLOT THICKENS RAPIDLY
IN THE SULTAN'S DOMAIN

The War Cloud Grows Darker After Council Which Held an All-Night Deliberative Session.

TURKISH PRESS INCITES TROUBLE

Macedonian Committee Plans Attack on Constantinople-German Liner Blown Up-State Department Cables Leishman Instructions.

(Special By Scripps-McLae.) Berlin, Sept. 5.—A Constantinople dispatch says that war with Bulgaria is in sight. The Turkish troops are reported to have crossed into Bulgaria. A council of war, after an all night session, decided to send an immediate ultimatum to Bulgaria but the sultan decided to wait. The Turkish press is printing inflammatory articles against Bulgaria.

Sofia, Sept. 5.—A member of the Macedonian committee today stated that the organization is trying to arrange for a bombardment of Constantinople. According to their plans they will arm a steamer with half a dozen guns carefully concealed and when the steamer reaches Constantinople the guns will open fire in the direction of Yildiz Kiosk.

Destroyed by Bomb. Berlin, Sept. 5.—The Tagblatt today reports that the German Levant liner Pyrgos was blown to atoms in the Black Sea by a Macedonian bomb. The Pyrgos carried a crew of 23 men. Germany is officially taking a more serious view of the Balkan situation. A Turko-Bulgarian war is hardly avoidable.

Will Give Instructions. Washington, Sept. 5.—The state department officials are busy this morning on a cablegram which it is believed will contain instructions as to the representations Minister Leishman is to make to Turkey regarding the protection of American and American interests in Turkey. Whatever action is to be taken will be conservative. It is believed the United States will insist upon being granted permission to send the gunboat Machias to Constantinople to act as a legation boat.

Sofia, Sept. 5.—The revolutionists blew up a Turkish troop train 27 miles from Uskub yesterday. Many soldiers are reported killed.

Yankee Tars Arrive. Beirut, Syria, Sept. 5.—The United States cruisers Brooklyn and San Francisco arrived Friday. Rear Admiral Cotton immediately communicated with Consul Ravndal, receiving cablegrams with instructions that superseded his sealed orders. The State Department instructs the Admiral to be in readiness to sail for the Dardanelles at a moment's notice. Additional instructions are given for safeguarding the consulate at Beirut and enforcing amends for the attack on Magelssen. Disorders have ceased. It would take the American warships fully three days to land marines at Constantinople, it being about 900 miles from here to the mouth of the Dardanelles, or more than two and one-half days' sail.

Powers Land Marines. Constantinople, Sept. 5.—Russia and Austria have landed marines here from their station ships to protect their embassies against threatened attacks by Bulgarian agitators. The British commander is still awaiting instructions from the foreign office at London, but is prepared to follow the example of the other powers even without orders from home should a call be made on him by the English ambassador.

Dispatches from Paris are to the effect that a French fleet has been ordered to hold itself in readiness to proceed at once to Turkish waters. The order is doubtless the result of a cablegram from the French ambassador here stating that the utmost confusion prevails and that it is desirable to have warships in readiness for eventualities. Other dispatches announce that Italy has made similar preparations and that the fleets will act together in case of a crisis.

Porte Warns Legations. United States Minister John G. A. Leishman cabled to Washington that a state of panic exists among foreign residents of the Turkish capital, particularly among official representatives of the various powers. The present alarm is due to the Porte's note to the legations warning them that enemies of Turkey are believed to be plotting against the foreigners' safety in the hope of involving the Ottoman empire in complications with other governments.

Mr. Leishman adds that the sultan has furnished an additional armed guard at each legation and consulate, and has given every assurance of his intention to protect them. The diplomats are urged, however, to over-

look no precaution to guard themselves within their compounds.

Consul Ravndal has telegraphed to Minister Leishman from Beirut that the authorities there are actively seeking the assassin of Vice Consul Magelssen, and that many arrests have been made, although it is as yet impossible to learn whether the would-be assassin is among them.

Rebels Are Defeated.

Reports from Turkish officials indicate, Consul Ravndal says, that military operations against the rebels in the Kilisura district have been entirely successful. More than 400 insurgents have been killed in battles in the district.

The dispatch adds that the agent of the Hungarian Levant steamship line has gone to Burgas to investigate the three explosions on the steamship Vaskapu which resulted in the death of twenty-nine persons.

Concerning the bomb outrage on the line of railroad from Constantinople, in which seven persons lost their lives, it appears that the assistant conductor was responsible for the explosion. The man left the train at Philippopolis and has since been arrested there.

CREW MAY HAVE BEEN DROWNED

(Special By Scripps-McLae.) Providence, R. I., Sept. 5.—A dispatch from Block Island says that a large four masted steamer foundered this morning near the southwest lighthouse. No trace of the crew was found. It is believed the vessel was run into and sunk during the fog. Further news of the accident is expected when the vessel supposed to have collided with the ill-fated ship puts into some port.

WILL MAKE EFFORT AGAINST ASSASSINS

Vienna, Sept. 5.—A Belgrade dispatch says: Over one thousand officers of the Serbian army have joined a movement against the murderers of the late King Alexander and Queen Draga. It is considered possible that the miscreants will resign their commission in the army.

MAY ELECT STEVEDORE TO FEDERAL SENATE

Man Who Has Worked His Way to the Top May Be Honored in Washington.

Tacoma, Wash., Sept. 5.—A large faction of Tacoma Republicans has decided to support State Senator Edward S. Hamilton in the next legislature for United States senator to succeed Senator Foster of this city. Hamilton has made a reputation throughout the state for aggressiveness and fighting qualities. He was leader of the campaign which resulted in the election of Foster five years ago and last winter led the fight of the railroads against Governor McBride's forces, resulting in defeat of the state railroad commission bill and other anti-railroad legislation.

Hamilton started in life as a stevedore twenty years ago. Soon he became a boss stevedore, employing many men to load lumber and grain ships on Puget sound. His firm now does the largest business of this kind in the northwest.

FARMER SAYS HE IS DEMENTED

Former Wisconsin County Clerk Walks Miles to Seek Asylum.

La Crosse, Wis., Sept. 5.—With hair disheveled and clad in rags, William E. Davis, for eight years county clerk of La Crosse county and one of the richest farmers in this section of the state, appeared before Judge Brindley in the county court and declared he was insane, demanding to be examined. Davis, who is a cripple, walked from his farm in Lewis valley, taking three days to make the trip. When found he was in a serious condition from neglect.

MAN BELIEVED TO BE INSANE, SAYS GOVERNMENT OWES HIM MONEY

New York Photographer Writes Threatening Letters to Secretary Hay Telling of His Claim Against Germany.

(Special By Scripps-McLae.) New York, Sept. 5.—Francis Dunque, a photographer, was arraigned in the police court today charged with writing a threatening letter to Secretary of State Hay. The court ordered him sent to Bellevue hospital to be examined as to his sanity. Dunque says that he has a claim against the German government for eighteen thousand dollars and that he has been writing to the government officials for many years asking them to collect the claim.

FIRE LADS ARE IN FAST RUNS

BROKEN WIRE SENDS DEPARTMENT OUT TODAY.

NOTHING DOING—EITHER TIME.

Much Speculation Caused by Sight of Teams Dashing Madly Out So Often.

Several spectacular runs were made in quick succession by the fire department this noon, only to result in the discovery of no fire. When the clock began to strike the customary twelve taps for the noon hour, a broken wire in the fire alarm telegraph system got in its work, and what seemed to be a bona fide fire call was registered, the number directing the fire lads to a box in the second ward.

Flinding no blaze the repartment returned, and was barely housed when another freak of the wires recorded a second alarm. The men at the east side station did not get the alarm, but the combination hook and ladder from the west station supplied the deficiency by running to the Main and Milwaukee street corner, and there sounding the gong until the fire patrol and hose cart had been given to understand that they were wanted. A breakneck pace was set down South Main. Again the old story, nothing doing.

Just after the three pieces of apparatus had started on their chase down South Main street the chief's wagon horse, "Doc," galloping at a fierce rate. The run made by the chief served to increase the interest of a large throng that had by this time gathered on the Myers house corner.

In the second run a fox terrier got under the wheels of one of the west side wagons as it was crossing the bridge. The terrier died soon after.

TELEGRAPHIC BREVITIES.

King Edward has arrived in London on his return from Vienna.

Dr. J. J. Taylor has been elected president of Georgetown college at Georgetown, Ky.

Herman Zumppe, composer and musical conductor, died of apoplexy at Munich, Bavaria.

F. C. Smith of Chicago was elected president of the Street Railway Accountants' association.

Count Von Deyne, Austro-Hungarian ambassador to Great Britain, died at Eckersdorf, Silesia, of heart disease.

Eugenio Sorrentino, bandmaster and composer, and his brother, Vincent Sorrentino, became American citizens at Kansas City, Mo., on receiving their second naturalization papers.

D. J. Hogan was elected president; Charles F. Hart of Chicago, vice president; F. W. Raven of Chicago, secretary; and Clarence F. Wilson of Milwaukee, Wis., treasurer, of the National Stationary Engineers, in session at Evansville, Ind.

MILITIA AT THE COLORADO MINES

FIRST CONTINGENT ARRIVES AT GILLET TODAY.

WILL ESTABLISH AN ARSENAL

Prepare for 600,000 Rounds of Ammunition—Successfully Dodged Interference.

Denver, Sept. 5.—The first contingent of the state troops ordered to suppress the mine strike trouble in the Cripple Creek district arrived at Gillet early this morning. The remainder of the troops will arrive during the day. It is announced that the entire state militia may be called out and preparations to establish an arsenal with six hundred thousand rounds of ammunition is being made.

Avoided Any Trouble. Interference with the progress of the troops was anticipated by Adjutant General Bell, but he quietly changed the route of travel. The bridges all along the route were heavily guarded.

TELLS DETAILS OF DANVILLE RIOTS

(Special By Scripps-McLae.) Danville, Ill., Sept. 5.—Richard Roberts, one of the men on trial charged with complicity in the recent race riot, turned state's evidence today. He gave testimony which it is believed will result in the conviction of four defendants, including Miss Bessie Dodge, who, he averred, called upon the mob to lynch the sheriff.

STATE NOTES

While temporarily insane Mrs. Martha Epping of Sheboygan, committed suicide by hanging.

A report was submitted to the county clerk at Racine giving the county school census at 5,522, just fifty-seven less than that of a year ago.

The board of public works of Tomah has been instructed to go ahead with the work of paving five blocks on Superior avenue in that city.

Arrangements have been completed for the burial at Washburn on Sunday of John Wannebo, who was killed in the massacre at Samar in the Philippine islands.

August Tabbert, a retired saloon keeper of Milwaukee, was charged at Racine with an attempt to kill George Wilke, but he was released on application of his son, who alleged his father was slightly demented.

Anthony McAvoy, a liveryman of Racine, has learned that a horse and buggy stolen from a woman supposed to be Marie Harrington, was at Evanston, Ill., and that it had been sold to a party there by a man and woman for \$35.

A contractor has made a proposition to the Pulp Wood company of Appleton to supply a considerable amount of spruce timber from Michigam and the north shore of Lake Superior and from Canada, which he proposed to raft across the great lakes and deliver at Manitowoc.

GREAT STRIKE IS THREATENED

EMPLOYEES OF RAILWAY EXPRESS COMPANY IGNORED.

DEMAND FOR UNIFORM SCALE

Men Seek Fewer Hours and More Pay, Though in Some Instances Wages Not Involved.

Chicago, Sept. 5.—Railroad express service throughout the country is threatened with a strike which will seriously cripple it and cause a heavy loss to business interests, unless the companies consent to treat with their union employees regarding an increase in wages and a revision of working rules.

Strike talk has been rife among the men for a month. The fight promises to open next week. It will be centered on the United States Express company, for 99 per cent of its employees are members of labor organizations.

A committee of the union, gathered from employees of the United States company, visited General Agent A. Wygant and asked him to treat with them. He refused and the officers of the Chicago Federation of Labor asked for a conference. As no response has been received the men have given up hope of averting trouble.

Officers Seek Peace.

The union officers will attempt to avert the trouble, but they do not expect to succeed. If a vote favoring a walkout is taken preparations will be made for a general fight. This will open on the United States company and then spread to the others in all cities where employees are organized. The Brotherhood of Railway Expressmen, with 60,000 members, will have charge of the movement.

The discontented employees are all skilled men. The include checkers, clerks, messengers, freight sorters, sheet writers, waybill clerks, callers, car stowers and collectors. Their pay is not uniform and they say their schedule of hours is badly arranged. In their original demands, filed July 15, the men asked for a uniform scale of wages, a new arrangement of hours, and a graduated increase in pay. They sought 15 per cent more pay and a nine hour day.

Say Demands Are Fair.

"Our demands are as fair as possible," said President F. E. Modie, who arrived from Texas to watch over the movement. "We are surprised at the companies for not considering them. In many cases we ask for no increase in wages, but simply for a uniform scale."

"We are not anxious for a strike, but it will be hard to avoid if the companies persist in refusing to deal with their union employees. The United States company does not seem to realize that 99 per cent of its employees are organized, and that its whole system can be tied up."

General Manager Wygant said he had received the communication from the Federation of Labor and would answer it. When asked what course the company will take he declared it would wait until the men made a move and govern itself accordingly.

THEODORE SHAFFER MISSING FROM OFFICE

President of the Amalgamated Association Has Disappeared, and His Friends Are Worried.

Pittsburg, Pa., Sept. 5.—Theodore Shaffer, president of the Amalgamated Association of Iron, Steel and Tin Workers, is missing. He has dropped mysteriously out of sight and for several weeks neither fellow officials at the local office nor the members of his family have been able to locate him. Officials profess not to be unduly exercised, but it is a fact that there is actual alarm at the office because of the long absence of the head officer.

Mr. Shaffer left Pittsburg presumably to attend the sheet conference at Cleveland. He failed to arrive there and it was thought he would surely attend the important meeting of the sheet men in this city Aug. 31 last, but again he failed to appear and has not been seen by any of the labor leaders or personal friends. A brother of the president called at the office and asked for him. He was turned away with the remark: "Not in just now."

ILLINOIS MINERS TO TAKE VOTE

Convention at Springfield Selects Candidates for Offices.

Springfield, Ill., Sept. 5.—The annual convention of the United Mineworkers of the fifth district of Illinois was concluded here Friday with the nomination of officers who are to be voted on by the various local unions in the district. The nominations and the votes are as follows: For president, James Burns, 111; R. Tippet, 278. For vice president, Daniel Clark, 242; Allen McKinney, 273. For secretary-treasurer, John McGarrity, 571; Thomas Ryan, 312. The vote in the local unions on the nominations will be taken by referendum.

NO HOPE FOR MADISON ROAD

Official of Road Makes a Statement at Beloit Regarding Acceptance of Franchise.

IT WOULD NOT PAY

Corroborates Belief That the Council's Action Here Put an End to Clough's Intention to Build.

(Special By Scripps-McLae.)

Beloit, Wis., Sept. 5.—There is hardly the slightest chance that the Rockford, Beloit and Janesville officials will accept the extension franchise offered by the Janesville authorities.

In order to take advantage of the franchise voted it by the Janesville aldermen, the railway officials must file a bond of \$10,000 before Sept. 8, guaranteeing to construct the line and the fulfillment of their part of the contract. This will not be done according to the statements of officials of the road made here yesterday.

A 35-year franchise is not, they say, of sufficient length to guarantee a return on the investment unless the road is unusually successful. As Janesville is unwilling to give the extension franchises an equal life to that of the present line, it seems unlikely that the Madison road will be built at an early date.

"We would rather take our chances," said one of the officials of the line yesterday. "In co-operation with the Janesville men who wanted a franchise at the same time we received ours to go by default, than to have to try and finance the new road on a thirty-five year basis. If the Janesville men can get better terms than we have been offered it would be better for all concerned to let them get their franchise and then we can do something toward the co-operation of the companies."

MEMORIAL FOR TWO CHIEF JUSTICES

Supreme Court Will Be Given Up on Monday Afternoon to Services.

(Special To The Gazette.) Madison, Wis., Sept. 5.—Memorial services will be held in the supreme court next Monday afternoon, at 3 o'clock, for the late ex-Chief Justice Orsamus Cole, who died in Milwaukee a few months ago, and for Justice Chas. V. Bardeen, whose death occurred last spring. F. C. Winkler of Milwaukee will present the memorial of the Milwaukee Bar association on the death of ex-Chief Justice Cole and addresses will also be made by H. M. Lewis of this city, and probably others. Response will be made by Chief Justice Cassidy, who was admitted to practice in the court by Chief Justice Cole, and who later sat with him on the supreme bench for eleven years.

Circuit Judge W. C. Silverthorn will present the memorial of the bar of the sixteenth circuit on the death of Justice Bardeen. Neal Brown of Wausau; Burr W. Jones of this city, and others, will also make addresses. Justice J. B. Winslow will make response on behalf of the court.

Tuesday morning the supreme court will begin the hearing or arguments on the first assignment of August calendar, beginning with the twelfth circuit.

GIVE CONCERT IN NON-UNION STAND

(Special To The Gazette.) Beloit, Wis., Sept. 5.—Since the apparent backdown of the machinists in the Berlin strike here, unions have not been held in their former awe, and last evening a band concert was given from the band stand built in the city park by a nonunion contractor, and upon which the unions have put a ban, preventing their members from using it. A great crowd was out to hear the music.

WAS ROBBED AT EVANSVILLE FAIR

(Special To The Gazette.) Evansville, Wis., Sept. 5.—Prof. Chas. Clark of Michigan who is giving daily exhibitions at the Rock county fair with his trained dogs, was robbed during the night of \$36. He was stopping with his wife and child, at the Evansville house. Their room was in the second story and fronting Main street. The screen was cut large enough to allow the clothing containing the money to be drawn out. This must have been done with a long hook as Mr. Clark's clothes were half way across the room. The trousers and empty purse were found on the ground beneath the open window.

MANY POUNDS OF BUTTER MADE

DAIRY INDUSTRY OF IMPORTANCE IN THE COUNTY.

ANNUAL STATEMENT IS MADE

County Clerk Has Completed Abstract of the Figures Presented by Assessors.

Dairy industries during the last year aggregated a total value in Rock county of \$721,283 through two channels alone—the creameries and cheese factories. Butter, cheese, and other products manufactured by farmers are not included in this estimate. Of creamery and cheese factories there are thirty-eight, six of this number being devoted to the output of cheese, and the remaining thirty-two are creameries. The creameries are valued at \$81,800 and the cheese factories at \$5,925.

These figures are embraced in the 1903 dairy report, on which County Clerk F. P. Starr made the last findings and checked up the last totals yesterday afternoon. As usual the report was slightly delayed, due to the delinquency of some one or two of the assessors in the county, upon all of whom the county clerk depends for their statements before he can take the first step toward compiling the abstract. The latter will be sent to Secretary of State Houser, in whose office it will be used to prepare the statement for the state of Wisconsin.

Valuable to County In addition to the figures regarding the number and value of the factories and their products, the report includes detailed statements regarding the sources of supply upon which the creameries and cheese factories draw in carrying on this valuable Rock county industry.

Nearly 1,800 farmers send milk to the factories, or to be absolutely accurate, 1,791 patrons are numbered on the lists of the milk-processing works. Seventy-seven of them turn over the product of their dairies to the cheese factories, and 1,714 to the creameries.

These farmers have 16,605 cows which provide the milk for the factories, 931 of them provide the lacteal fluid which is the essential component part of cheese while 15,674 furnish milk for the butter makers.

Many Pounds of Butter In the number of pounds used a total of 9,857,880 is reached. 7,827,777 pounds was turned into butter and its side products last year, and 2,030,103 into cheese. The result of the amount of milk was 3,674,172 pounds of butter, cheese, and condensed milk. 237,705 pounds of this total was produced at the six cheese factories, while 3,436,467 pounds were turned out at the creameries.

In the report are embodied figures designed to indicate the importance of the dairy industry as carried on on the farm, without connection with the co-operative, steam operated establishments. If the figures are to be taken as unimpeachable a much greater amount of butter is made by the farmers by the old-fashioned churn method than the public has generally been led to believe. It is probable that the farmers failing to have the accurate statements with which the creameries are obliged to provide themselves, substituted estimates, and to guard against error made them generously large, so large that the total is larger than absolute accuracy would require.

Made on Farms Statistics covering the home made butter and cheese show that 2,763,643 pounds of butter were made by the farmers, valued at \$594,946. It may be that this large figure was caused by a misapprehension on the part of some of those who furnished the figures as to what was desired, and the figure may represent in some cases the total amount of butter produced at the farm, including that manufactured at the creamery. Of home made cheese the total is 38,955 pounds, valued at \$3,731.

Another figure which may not have been accurately compiled is that regarding the amount of milk sold other than that which went to the creameries, cheese factories, or condensed milk factories. It is put at 7,500 gallons, a figure which is declared to be too low.

Town Talks.

"No, it isn't always the price that counts," said a well known cigar dealer yesterday, as he leaned over the counter and looked thoughtfully into the curls of smoke that arose from a nearby cigar. "When a man pays 10 or 15 cents for a nicely shaped and well colored cigar strikes a match and smokes it himself, it usually tastes fine and at the same time is considered a good investment, but if a cigar is given him and the circumstances are propitious, the weed he is smoking may be a much cheaper one, but in very many cases it tastes just as good and under these conditions is often thought to be of a high priced brand. "But then," he added, "there are cigars and cigars."

F. F. LEWIS IS MADE DIRECTOR

F. F. Lewis has been re-elected director of the Delavan Lake assembly for a period of three years. The annual meeting was held at Delavan this week, reports being heard for the past year, and plans discussed for future work.

DOINGS OF BOWER CITY SOCIETY PEOPLE IN AND AROUND THE CITY

Lady Foresters Plan Series of Parties--Social Happenings at Golf Links--Items of Personal Interest.

On Thursday evening the ladies of St. Mary's Court, No. 175, Women's Catholic Order of Foresters held the first of a series of card parties and socials which have been planned for the coming season. About 150 guests were present, including a delegation of the Knights of Columbus. The prizes were taken by Miss Annie Doran, Mrs. Fred Viney, Kittie Dawson, L. A. Hemmens, James Morris and William Hemmings. The next party of the series will be held on Sept. 17th.

Capt. L. T. Richardson of the 22nd U. S. Infantry is in this city with his wife and children, visiting at the home of his parents, Mr. and Mrs. Hamilton Richardson. Capt. Richardson is now stationed at Fort Logan H. Root, near Hot Springs, Ark., but will leave with his regiment for Manila on Oct. 31. Capt. Richardson will remain in this city until near the time for his departure for the Philippines.

Mrs. Floyd Dunwiddle entertained yesterday afternoon for Mrs. Fenton Winans of Chicago, the guests being members of the Jolly Twelve card club and the Century Heart club. Decorations of vines and flowers filled the house. Prizes at the card tables were won by Mrs. C. J. Maloney, Mrs. John McCue, Mrs. Chas. Manning, and Mrs. John George.

Twenty-four ladies comprised a party at lunch at the Mississippi Links on Thursday. In the afternoon the card tables were brought into service, whilst being the game. Among those in the party were Mesdames Frank Smith, Edward Doty, Mary Doty, Hullahen, Putnam, Laplin, Wheeler, Carpenter, Hall, Carter, Sutherland and others.

Mrs. Gordon Gillilan who has been the guest of local relatives, has left for her home in Philadelphia. Mrs. Gillilan will be better remembered here as Mrs. Agnes Koebelin.

Col. Cyrus Fisher from Bucyrus, Ohio, and S. M. Braden of Chicago, were visitors at the Seth Fisher home yesterday. It was the first meeting of Colonel Fisher and Seth Fisher in twenty-seven years.

Mrs. George M. Appleby went to Beloit to attend an ice cream festival given in the city park by the Ladies Relief corps of which she is a member on Friday returning this morning.

Colin C. MacLean will start on Monday for Scotland with the purpose of gaining improved health on his native heath. He will sail on the Persian from Montreal next Wednesday, Glasgow being his destination.

Mrs. D. Holmes entertained yesterday.

JANESVILLE WORKING MEN GET PAY ON DIFFERENT DAYS OF THE MONTH

Practically No Two Shops Employ Same System for Handing Over Wages to Their Employees--

List of Local Pay Days

Half the world doesn't know—or care—what the other half is doing, and it is probably equally true that half of Janesville has not the slightest idea when the other half receives its wages. Almost no two factories in this city have the same days for paying off their men, as shown by the list which follows:

Blodgett Milling Co.—every Saturday.

Choate-Hollister Furniture Co.—every Monday.

C. M. & St. P. R'y Co.—16th and 24th of every month.

C. & N. W. R'y Co.—13th and 18th of every month.

Holmes and Canning factory—18th day of every month.

Janesville Carriage works—every Saturday.

Janesville Cement Post factory—1st and 15th of every month.

Janesville Machine Co.—10th day of every month.

Janesville Pearl Button Co.—every other Saturday, beginning August 1.

Janesville Barb Wire Co.—every other Monday, 1st and 16th.

Janesville Street Railway Co.—5th of every month.

Lewis Knitting Co.—every other Saturday, beginning August 1.

Marzluft Shoe Co.—every Saturday.

Parker Pen Co.—every two weeks, commencing August 15th.

Rock River Machine Co.—every Saturday.

Rock River Woolen Mills—10th of every month.

Thorpe's Box Factory—every other Saturday, beginning August 1.

The Jeffris Co.—1st and 16th of every month.

Wisconsin Carriage Co.—every other Saturday beginning August 1.

MEMORIAL DAY TO BE CELEBRATED

Laurel Lodge, No. 2, and Olive Lodge, No. 36, Degree of Honor, will unite tomorrow in decorating the graves of their dead members. Sunday is their memorial day. They will meet at East Side Odd Fellows hall at 1:30 o'clock and march in a body to the corner of Main and Milwaukee streets, where they will take a car to the cemetery. Transportation will be provided for every member of the order. Flowers are to be furnished by many of the members. A number of the order will meet at the hall Sunday morning to arrange the flowers. Services at the cemetery will be conducted by the officers of the lodge.

Judge Punished Strictly: Judge Henry C. Smith of Helena, Mont., formerly of this city, rendered a verdict a few days ago which received enthusiastic commendation from many sportsmen in this city. He sentenced a man in the Montana city to a fine of four hundred dollars for dynamiting fish.

Sheriff George M. Appleby left for Beloit today to attend a foreclosure sale.

GRANT FISHER AT MILWAUKEE

Grant J. Fisher is busily engaged at the fair grounds in Milwaukee in preparing for the state fair next week. He is in charge of the sheep department and expects that the exhibit in that section will be a representative display of the products of the state.

In every respect the entries at the state fair this year are said to exceed those of past years, and Secretary John M. True, speaks very highly of the prospect for a successful event. Over 5,000 entries have been made in the various departments.

Eleven counties thus far have entered competitive exhibits, the total of which is expected to pack the entire manufacturers' building. Rock county is not represented in this number.

Janesville Horse Wins: Prince Howe, a horse owned in this city, won the two-forty five race at Plattville yesterday, taking the last three of the five heats. The best time was 2:26 1/2. Aunt Laura, another Janesville horse, took second money in the free-for-all on Thursday. Charles Holtz drove both horses.

SAW ALL BUT THE LAST YACHT RACE

MR. AND MRS. O. D. LINCOLN WITNESSED CONTEST.

RETURNED FROM EASTERN TRIP

Made Use of Interurban System to Travel Over Route from New York to Boston.

Mr. and Mrs. O. D. Lincoln have just returned from an extended and delightful trip through the east, where they visited many of the large cities. One of the most enjoyable journeys they experienced was one from New York City to Boston, in a roundabout way by trolley to Boston, a distance of 254 miles. They made the trip in two days. Rates on eastern trolley roads appear to be extremely reasonable, the cost of the ride above referred to being only \$2.85.

Mr. and Mrs. Lincoln spent in all four weeks taking short trips from place to place, always on the electric roads. They were delighted with the pleasures of the modern electric lines that are becoming so general in the eastern states, and expressed the hope that soon the interurban systems in this state would be extended and spoke of the many advantages of this means of travel.

They visited many points of historical interest in Connecticut, New York and Massachusetts and by means of the electric lines could go on many of these little journeys with out a long absence from the friends with whom they were staying. While enroute from New York to Boston they visited Bridgeport, New Britain, Hartford, Springfield, Worcester and other well known cities. The interurban line that extends through this part of the county with many branches and ramifications, issues a little book that is quaintly arranged, telling all about the system. On the cover are pictures of an old fashioned stage coach with impossible horses and picture-book trees, at the top, while along the lower edge is a view of a modern trolley car with well balanced road bed and what are supposed to be the hills of southern New England fading away in the distance. The book itself is filled with half-tone cuts of historic taverns, quaint churches and old homesteads.

Mr. Lincoln witnessed all the yacht races but the last one and preferred the view from the Highlands and Ashbury Park, to seeing Lipton's yacht get beaten from one of the accompanying fleet steamers. He said that there was only one real race; that the others were too slow on account of the lack of wind and the distance separating the dainty white-winged craft, during most of the course. The one race that was interesting had a good breeze and the famous boats kept nearer together, making a lively and more exciting spectacle.

Preparing for the Labor Day parade the painters, paperhangers, and decorators' union has provided a banner which is as handsome as that owned by any union in the city. In addition to bearing numerous emblematic designs, the flag has lettered upon it a part of the history of the organization. The union was organized in 1887 and incorporated in 1894. Much of the decorative work on the banner is the result of the labors of Mr. and Mrs. William Rehfeld.

NEW BANNER FOR THE PAINTERS

PROBABLY WILL GAIN IN STRENGTH No indications of disbandment were present at the last meeting of the Sons of Veterans and it is the opinion of some of the members that nothing of that character will occur in the near future and the society will continue as before. A new application for membership was received at this meeting which would indicate that there was some interest yet maintained in the organization. The gathering was not very largely attended because of the absence from town of some of the club and the inability of several others to be there.

FOUND ROLL OF BILLS AT DEPOT

Station Agent Discovered Sixty Two Dollars in Greenbacks—Was Reclaimed.

Sixty-two dollars in bills was found by Night Ticket Clerk B. D. Rutter on the platform of the North-Western depot last evening. He kept the roll in the safe at the ticket office and before eight-thirty in the evening a woman who had left for Madison on an earlier train wired that she had lost that sum. A friend arrived who took charge of the amount which has probably reached the loser by this time. It was luck for the owner of the "long green" that Mr. Rutter happened to go out on the platform to correct the bulletin board at the time he did, for with the crowd of people that occupied the depot platform most of the evening, there is little likelihood that the cash would ever have been heard from.

"Speaking of lost articles," said a railway man last evening, "it is surprising sometimes the carelessness which the travelling public sometimes display in regard to belongings in the waiting room and on trains. Articles of every description are continually left behind from satchels to scarf pins, while objects of great value are often left unconcernedly on benches and coach seats. Much of the property left by those on the road is returned to the rightful owners. They usually discover, before they have gone far, that they ought to have something they haven't got," and the convenient telegraph and obliging railway attendants usually get the track of the "missing umbrella" in short order."

When entering the cars to call the next station many brakemen on some lines adopt the custom of also reminding the travellers as follows: "Don't forget your umbrellas and packages," which words are a welcome variation to the sleepy passengers from the disconsolate cry of the news agent as he wanders through the train calling, "peanuts, popcorn, chocolate bonbons."

For the first time in several months a full list of church announcements can be published. The last of the pastors has completed his vacation, and tomorrow morning all of the church bells in the city will peal out together. All of the pastors speak hopefully of the coming year's work, and many of the churches are planning outside of their purely religious services, features of social interest. Nearly all of the churches will continue the meetings of their sub-organizations, men's clubs, ladies' clubs, societies for missionary and aid work, which in some instances have been discontinued for the summer.

During the year there have been fifteen baptisms, twenty-nine confirmed, five marriages, twelve burials in Trinity church, according to a statement in the Angelus, the parish paper. The Holy Communion has been celebrated in public 111 times and administered in private 26 times. There have been altogether 325 public services and 156 sermons, addresses or instructions. Aside from business and sick calls the rector has made 450 parochial or missionary visits and at the expense of time and labor has assisted the vestry in the purely temporal affairs of the parish.

Court Street M. E. Church, corner of Court and Main streets. Service in the morning at 10:30. Dr. R. S. CHURCH OPENS AFTER VACATION

PRESBYTERIAN CONGREGATION
WILL MEET TOMORROW.

REV. HENDERSON RETURNS

Men's League Will Meet This Winter
as in Past—Other News
of Church.

After being closed for two weeks the First Presbyterian church will be opened to the congregation tomorrow morning. Rev. J. T. Henderson returned Wednesday from his five weeks' vacation and will preach in the morning on the subject: "For Things the Church Should Do," and in the evening will give the first of a series on "Down in the Hopeville neighborhood, a community of Presbyterians, three miles west of Franklin, Ind., Rev. Henderson with thirteen other ministers, all of whom once called the neighborhood their home, dedicated a new \$12,000 church last Sunday. The handsome edifice is on the site selected by Thomas Henderson, grandfather, of the Janesville clergyman, for the log-cabin house, when as an emigrant from Kentucky he explored the region just seventy-eight years ago.

A notable occasion. The dedicatory address—historical, was delivered by Rev. William Chalmers Coert, of Saginaw; the dedicatory address—prophetic, by Rev. Henderson. The other sons of Hopeville came from at least 7 different states, including New York, Minnesota, Dakota, Oregon, and California.

The Young Men's League of the Janesville church will hold a series of monthly meetings as usual this winter and the Sunday observance question will again form one of the principal topics of discussion. "It is a momentous question and is coming to be regarded as such more and more as time goes on. Personally, I look forward to a general reaction against Sunday newspapers as they now exist, the Sunday excursion, and other factors that force men unnecessarily to labor on the day of rest," said the pastor in discussing the matter.

The Mission of Choirs. Rev. Henderson is a strong believer in congregational singing. He terms the work of the choir "the operative feature of the service" and says that it is designed for the few who appreciate and worship through the more complicated forms of music. As a method of attracting and holding large congregations he does not believe it successful because there is nothing in it that attracts and binds the chance visitor to the church.

The congregational singing is by far the more important element in the service because in it the great majority are able to participate. The question of music is puzzling more than one of the Janesville pastors just now and Rev. Henderson is one of the majority that have arrived at no decision.

CITY DEATH ROLL

Mrs. Emma L. Bennett. Mrs. Emma L. Bennett died at Mendota Wednesday, August 19, and the remains were interred at the Center cemetery. She leaves a mother, three brothers and one sister.

Mrs. E. J. Taylor. Mrs. Electa Jameson Taylor died Sept. 1st, 1903, aged 44 years. She had been in failing health for about a year, but has been around until about a month ago. She went to the county hospital where an operation was performed, but she did not rally. The funeral services were held at the Congregational church at Emerald Grove by Rev. Huey and Miss Mary Kimball, and the remains were laid to rest by the side of her father and brother in the Emerald Grove cemetery. She leaves one sister, Mrs. Elsie Beaumont of Janesville, two nephews, and three nieces.

PRESS COMMENT

Oshkosh Times: It would seem as though Carrie Nation ought to be able to give the country some practical views on the jail system of the United States.

Nellisville Times: But "Time at last makes all things even," and the sober second thought of the people is fully formed and intelligent. Public judgment has asserted itself and we believe there will be little room on Wisconsin soil for political agitation and quacks of the John P. Altgeld, Eugene V. Debs, and R. M. La Follette type.

Hudson Star Times: Unfortunately the bristling bluffs of our emotional governor prove too much. The claim is that the wicked stalwarts are on the side of corporations, monopolies, and caucus advocates. That being the case they do not need buying up. It would seem the "reformers" must be the purchasable quantities if there are any trafficking in political souls.

Monroe Sentinel: Senator J. V. Quarles seems to be in demand as an orator at the Chautauqua assemblies. Modern Woodmen and Old Settlers' plagues throughout the state. In one respect the senator differs from several other speakers; he can and other subjects than partisan politics to discuss for the edification of the people. He says there should be a few occasions, especially in the "off year," where politics is tabooed. Right, too!

P. O. Hours for Labor Day, Sept. 7. P. O. will be open from 8 to 9 a. m. and from 2 to 3 p. m. Carriers will be at their windows from 2 to 3. O. F. NOWLAN P. M.

TEACHERS WILL GET MORE CASH

WAGES IN DISTRICTS IS BETTER
THIS COMING YEAR.

DEMAND INCREASED SALARIES

Money Given Is Still Below That Paid
a Farm Hand—Many Schools
Are Open Now.

Teachers in the district schools this year will receive wages about twenty per cent. higher this year than last—the logical result of the law of supply and demand. Some of the school boards have failed to grasp the effect of the dearth of teachers upon the wages which must be paid, and have expected to be able to hire as cheaply this year as in the past, but the majority of them see the matter in a different light, and are willing to pay more. Even then the teachers' wages are below the average paid to the hired men on the farms.

Teachers Being Found. The scarcity of teachers continued in both districts of the county. Some have come in from Green and Walworth counties, while many who did not intend to teach are anxious to take special examinations, the time of the public examinations having passed.

This entails a great deal of extra work for the superintendent, as it takes as long for the examination of one teacher as for twenty. Besides a certificate granted in this way expresses at the next public examination. Many of the school boards are said to be to blame for the frequency of these examinations. They do not seem to realize, it is said, that they will need a teacher until a week or two before school is to commence. Then they offer the school to some one who has no certificate. If they get one. Then appeal is made to the superintendent who is expected to drop everything and attend to the examination. It is decidedly annoying to the superintendents who would much prefer to do their driving now, when it is pleasant, but are kept from it by the alleged negligence of the school boards.

Schools Are Opening

District 5 Newark opened August 24, while district No. 2, Fulton, No. 7, Magnolia, No. 2, Newark and No. 2, Avon St. No. 1, Spring Valley opened Aug. 31. Probably from 65 per cent. to 75 per cent. of district schools will begin Labor day, Sept. 7. While that is a legal holiday to which the teachers are entitled, yet very few, if any, will be allowed it.

RAISED REWARD FOR MISSING ANIMAL

Last English Burning. The last person who suffered at the stake in England was Bartholemew Logatt, who was burned at Smithfield in 1611, as a blasphemous heretic, according to the sentence pronounced by John King, bishop of London. The bishop consigned him to the secular of King James, who took care to give the sentence full effect.

ONLY TWO WOMEN AT COUNTY JAIL

There are only two women confined in the county jail at present. The percentage of them is usually small and the offenses for which they are committed are of a petty nature. One of them is serving time for drinking and heaping abuse on the head of a male neighbor.

"Like all jails we have two or three old timers that are arrested frequently and stay here most of the time," said the sheriff. "It is a problem what to do with these people. It seems as though there ought to be some special institution in the state for chronic inebriates where they could be treated for their infirmities. We let them out at the end of their sentences and they are drunk and back again almost before they door has closed behind them."

MOST MODERN OF PLACES

Wilbur's North Main Street Saloon Is Well Fitted Throughout.

During the past month carpenters and decorators have been busily engaged in the remodeling of the store at 16 North Main street, the same now being utilized as a saloon by Lyman J. Wilbur. One glance inside the place is sufficient for one to easily see that the proprietor, Mr. Wilbur, has spared no expense in beautifying the place from one end to the other. The fixtures are in golden oak and are of massive design being purchased regardless of expense of one of the leading bar manufacturers in the city of Chicago. The large mirror is offset by massive pillars of oak. Numerous electric lights circle the top of the bar, giving the whole a rich appearance at night. The ice box is of oak and numerous costly mirrors front it. It is only in justice to Mr. Wilbur's place to state that its equal in Janesville has never before been known. The genial proprietor is well known in all sections of Rock county. For a number of years Mr. Wilbur was connected with the Hotel London. His many friends will join in wishing him success.

RUNAWAY ENDS IN MAN'S DEATH

WILLIAM YENKS DRAGGED BY
HEEL FROM BUGGY.

HE LIVED IN TOWN OF AVALON

The Accident Occurred on Thursday Night, and Was Unseen—Man Found Unconscious.

Dragged by his heel, which had caught in the spokes of the wheel of his buggy, William Yenks of Avalon received such terrible injuries Thursday night that death followed yesterday as a result. Yenks was commonly called "Broncho Bill," and was widely known as a cattle buyer.

Details of the accident can only be conjectured. At a late hour Thursday night Yenks parted from an Emerald Grove man with whom he had been in the city. The next morning Yenks was found on the road between Emerald Grove and Avalon, the marks on the road showing plainly that the horse had run, dragging him a long distance, his head being pounded on the roadway.

Killed in Runaway. Yenks was unconscious when found, but was taken to his home. Medical care was of no avail and he died after a few hours.

It is supposed that Yenks either slipped and fell in an attempt to get out of the buggy or was thrown out in some inexplicable way. He had been drinking freely before leaving this city.

Yenks was dragged fully five miles, and when the rig reached his home he managed to crawl to his barn, where he was found. His head was beaten to a pulp and his clothes were stripped from his back. It is regarded as marvelous that he lived even the few hours that he did.

Frank Mayo, the Beloit boxer who will stand up against Jack Root in a six round exhibition for points, is probably the best man in this part of the state who could be secured for the purpose. While there is no expectation that he will be able to stand up against the celebrated light heavy-weight pugilist, he is in constant practice, and is in such perfect condition that he has no doubt of his ability to stay every second of the three minute rounds. Jack Root will be one of the big features in connection with the Polyscope pictures of the Gardner-Root championship battle to be seen at Myers Grand on Monday night.

Root will appear in an exhibition of scientific bag punching at which there are no more clever men. Coupled with this will be a select vaudeville bill making the evening's entertainment varied and one especially pleasing to women and children.

There is nothing but love in "Sky Farm" from its beginning until its end. Cupid leads several couples a merry dance through four acts, strewing the way with laughter and tears, with grief and with joy. The glad qualities predominate, however, and the general tone and tendency of the play is decidedly humorous. There is an illusive will in it loaded with all sorts of possibilities of mischief, and a marriage certificate that now and again comes near to falling.

...Forty Years Ago...

Janesville Daily Gazette, Sept. 5, 1863.—We notice that the "Soldiers' Home" at Chicago, lodged 490 Wisconsin soldiers in one month, and gave them 1,500 meals. It is a deserving institution, and should be remembered by our Wisconsin Aid society.

Stocks have been fluctuating in New York during the past week. The greatest fall is in Harlem, which declined from 140 to 118 in one day.

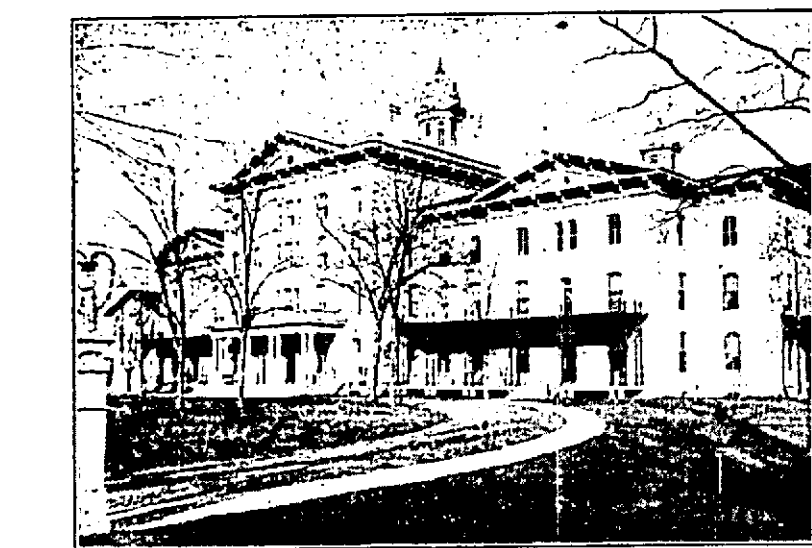

The notorious Jeff Thompson and his adjutant general, recently captured in Missouri, have been sent to Alton prison, and will go to Johnston shortly.

It is rumored that the copperheads intend, if possible, to control the convention of war "democrats" to be held in this city on the 17th.

NEW TEACHERS AT THE STATE SCHOOL

Eight New Instructors Will Take Up Work at the Institute for the Blind.

The State Institute for the Blind will open next Wednesday and at

least fifteen new pupils are expected. The total enrollment will be about one hundred. Besides the new pupils there will be eight new instructors, all of whom will come highly recommended in their respective lines. "One of the most profitable years in the history of the school is anticipated," said Supt. C. R. Showalter in speaking of the coming session.

The complete list of the old officials in charge and the old and new instructors is as follows:

Superintendent, C. R. Showalter, Matron, Miss Elizabeth Curtis, Assistant Matron, Miss Sparks, Clerk, Miss Jennie Kenville, Miss Watson, geography, Miss Benson, literature, Miss Tuttle, primary grades, Mrs. Jones, piano and organ, Miss Engleson, piano, Mr. Preston, broom-making.

BORT, BAILEY & CO.

An Educational Item for Cloak and Suit Buyers

THE first information you desire is, what is the correct style? All the leading cloak manufacturers and all the leading cloak Journals unite in saying that the two piece suits with fitted or semi-fitted long skirted coats stand at the head of the list. The fabrics for these suits are English Tweed Effects, Fancy Mixtures and plain Venetians and Cheviots. The Louis XIV sleeve is the proper sleeve. Walking skirts are seven and nine gore with a prominent flare. The dressier skirts tend to soften and finer material in Black and Navy.

In heavier coats for outside wear, the semi-fitted and full fitted effects prevail with a strong tendency to Military capes. Blacks are particularly strong, while many Castors are being shown. The lighter tans are not considered good.

For Misses the smart short coat is most prominent, while for children from six to twelve years the long garments of Zibiline and Kersy take the lead.

We are now prepared for the Fall and Winter season, with over six hundred new garments. We have given the selection of these garments our most careful attention. We have gone right to the root of the suit and cloak business and the styles we show and the prices we make on the newest and best styles are the lowest cash prices.

FARM and TIMBER LANDS IN Northern Wisconsin

Gates County, and Ladysmith, the county seat, are to-day attracting more attention from business men, farmers and land seekers in Wisconsin and adjoining states, than any part of the northwest. The soil in Gates County is rich clay loam and geographically rated first. The greater portion of the land is covered with heavy timber ranging from 100,000 to half a million feet to a quarter section, and often times more. Every tree four inches in diameter and larger has a market value at good prices, and in many cases the old logs and down timber are paying for the land.

The Menasha Paper Mill Co., at Ladysmith, are making 40,000 pounds of paper every day; run night and day, and use hundreds of cords of pulp wood and fuel every month. This plant is furnished with 2,500 horse power from the Flambeau river, and in addition uses a 250 horse power Corliss engine and 350 horse power boiler. Seventy-five men are employed in this mill. An addition to this mill, and several new mills will be erected in Ladysmith and vicinity next season.

The Menasha Wooden Ware Co. operate one of their extensive saw mills at Ladysmith, which cuts a large portion of the 50,000,000 feet of lumber used by them each year in the manufacture of tubs, pails, etc. In this mill they employ 115 men and run all the year.

Ladysmith also has several large sawmills and lath mills, and other manufacturing concerns are looking for chances to locate there. Ladysmith, in 1901 was a town of about 100 people. Today the population is 2,000 and many predict a population of 10,000 in five years. This new town now has a \$25,000 brick court house, a \$10,000 brick school house, a large number of good substantial stores, and beautiful residences, and an electric lighting plant.

The mercantile agencies now give Ladysmith fifty-eight places of business. Look up the records of other towns and compare with this.

With Minneapolis 130 miles west, Rhinelander 90 miles east, Eau Claire 50 miles south, and being situated on the beautiful Flambeau river, with abundance of water power this new and prosperous town is destined to become one of Wisconsin's most noted cities.

Ladysmith will also become a great railroad center. It now has the main line of the Soo railroad, the C. & N. W. railroad is within 16 miles and all right of way settled for, and two other railway companies are asking for right of way through Gates county. When railway companies are anxious to secure right of way it is sufficient proof of a country's value.

Some of the best financiers among business men, stock raisers, farmers and laboring men are investing money in Gates county every day.

We have the agencies in Rock and Jefferson counties of the J. L. Gates Land Co.'s lands of about 700,000 acres of land in Gates and adjoining counties. At present, prices range from \$10 to \$15 per acre for choice farm and timber lands. These include the timber lands owned by the Cornell University, selected in 1868 by Ezra Cornell for their rich clay soil and heavy timber, and have never been cut over nor sold until recently purchased by the J. L. Gates Land Co.

The light timber lands will cut 1,000 feet of saw timber to the acre besides the ties, pulp wood and cord wood; and the heavy timber lands cut from 3,000 to 5,000 feet and on some pieces double this amount of good saw timber to the acre.

We offer the best values in farm and timber lands for sale in Wisconsin and can prove it by our customers.

These lands are offered in lots of 40 acres or more, thus giving everyone a chance to buy property that will double and treble the investment.

The success of the J. L. Gates Land Co., is due to the following principles: To buy, to sell, to make a profit, and have their customers make a profit, and every purchaser has been an advertiser.

Terms of payment, one-fourth cash, balance in easy payments to suit the purchaser. Trips will be made every week to Gates county. Fare for round trip from Janesville to Ladysmith \$8.87.

Wisconsin Made Vehicles at MILWAUKEE and ELKHORN

During the coming State Fair to be held at Milwaukee the WISCONSIN CARRIAGE CO. will have a special display on the grounds which will be second to none ever exhibited by any carriage manufacturing plant in this country. At the Walworth County Fair to be held at Elkhorn commencing Sept 15th the same line of Vehicles will be shown. The styles will be the very latest and the inexpensive runabout will be displayed in all its glory; the stately buggy and the ever comfortable family surrey. It will certainly well pay every visitor to these fairs to see this unmatched display of high grade vehicles at a moderate price.

OUR GUARANTEE

EVERY Vehicle that bears our name plate we will warrant to be just as represented either by us, our salesmen or agents. When a runabout, buggy or surrey leaves our factory you can rest assured that you are getting the best for the price that the highest priced skilled labor can produce.

OUR FACTORY

AT all times you are a most welcome visitor to our manufacturing plant. It's certainly a pleasure for us to show you through whether you are an intending vehicle purchaser or not. Our repository is at all times filled with the latest in all that pertains to fine carriage building. We are at all times ready to remedy any defects.

The summer of 1903 has thus far proved a most prosperous one for our business. The Vehicle buying public of Rock County have showed their appreciation by the purchase of scores of our makes of rubber tire runabouts, buggies and surreys. The outside trade has been far above our expectations. Our shipments during the past months have been to agents from the Atlantic to the Pacific oceans. There is no guess work about a Wisconsin Made Vehicle—the Quality and Price always being right.
